“ Transform any wall or smooth surface into a writable canvas giving people a creative space to scribble at **Office, Home, School or College.** ”

WRITEONWALLS @ SCHOOL

WriteOnWalls @ Classroom :

- Transform classrooms, creative rooms, activity room, drawing rooms into boundless 360 degree learning erasable surfaces. Convert study tables into marker table for easy learning. This will give teachers & students the space to communicate, connect and accelerate learning

Dr Ruchi Sood, Physiotherapist suggested schools/parents to provide some space on wall so that kids can stand and write, it helps to activate their core muscles and also improves their handwriting. "WriteOnWalls" is a great initiative to make kids healthy and fit.
